EXPERIENCE

15 years

CURRENT COMPANY

Name: Fidelity Investments, Bangalore

Duration: September 2012 - Present

Designation: Lead Software Engineer

Primary Role: Full Stack Developer, specializing in Angular, HTML, CSS, NodeJS, Jest, Storybook, Playwright, and AEM (Adobe Experience Manager).

- Responsible for developing Angular components for headless and hybrid CMS pages on the Prelogin-Platform App.
- Collaborate closely with the UXD teams to translate Figma designs into responsive layouts, ensuring seamless user experience across devices.
- Experienced in integrating custom APIs via NodeJS and Angular.
- Oversee device testing via BrowserStack, and author test cases using Jest, Storybook, and Playwright to maintain quality standards.
- Collaborate closely with the onshore teams via BuildTrack meetings to understand the requirements and provide necessary inputs based on the feasibility with respect to the above mentioned technologies.
- Created and managed Jira stories based on stakeholder and team discussions, breaking down requirements into actionable tasks to ensure timely and predictable delivery.

COMPANY

Name: EF - Education First, Bangalore

Duration: November 2010 - September 2012

Designation: Front-End Developer

Primary Role: Worked on front-end development of responsive, client-facing websites using HTML, CSS, jQuery, XML, ASP.NET, C#, and Sitecore.

- Designed, built, and maintained websites, web campaigns, and promotional splash pages with a strong focus on usability, performance, and visual consistency.
- Integrated Facebook APIs to enable social networking features and enhance user engagement.
- Collaborated closely with onshore teams through regular Skype meetings to gather requirements, assess technical feasibility, and provide implementation inputs.

TRAVEL

- Travelled to Boston, Covington, and Smithfield (USA) for training from Fidelity Investments.
- Travelled to Zurich (Switzerland) on an onshore trip for a project from EF - Education First.

EDUCATIONAL QUALIFICATIONS

- Masters of Computer Application (M.C.A) from Christ College (Autonomous), Hosur Road, Bangalore.
- Bachelor of Science (B.Sc) from St. Joseph's College, Langford Road, Bangalore.

HOBBIES

Reading, Playing Guitar, Gaming, 3D Modelling, Animation, Game Development, Experimenting
